NITIN RAVI

UI/UX DESIGNER

ABOUT ME

Hey, I'm Nitin and I build value through design.
I am currently learning and applying sleek user-friendly designs to make humans interact with computers easily.
I specialize in utilizing data and research to build interfaces that users love.

EDUCATION

Amrita School of Engineering
2021- 2025 | Computer Science Engineering - 8.35 CGPA

Suguna PIP School
2017- 2021 | AISSCE [Grade 12] (PCM Stream) - 94%

PROJECTS

2023 **Netflix UX Case Study**
- A UX Case study on Netflix India for UXHack.co
- The goal was to analyze Netflix in India and work on a design addition that improves its user funnel
- Secured the 4th Rank among 17 solutions.
- Problem Statement, Behance, Interface

2022 **Vehicle Pooling Application**
- A project submission for university's hackathon
- Came up with idea and led a team of 3 to design and build a working prototype
- Designed the application interface in Figma
- Project link, Interface

2021 **Project Musicia**
- A python script which converts your voice input to musical notes and plots the graph to display it.
- Won the honourable mention award for the hths hacks.
- Project link
